Lighting and Window replacement

Linda Gibbardo stated to the board that she is asking for 2 things first she is asking for permission to install one gooseneck light to illuminate the existing sign on the west side of the building to help customers to see the sign at night.

The second item is to replace the service windows which were put in last year and did not work out they don't stay up anymore and she would like to put in vertical sliders. The windows are the same size and color just would open vertically instead of horizontally.

Liz Venezky asked if the lighting would be LED.

Linda Gibbardo stated that she would be in favor of LED lighting.

Joseph Slominski asked what color the lamp would be white or black.

Linda Gibbardo stated that either would work for her she did not have a preference.

The board did not have a preference either and left the decision up to the applicant.

Chairman Byham asked what hours she would have the light on.

Linda stated that the shop is closed by 9:30PM – 10:00PM and light would be off by 10:00 PM.
